

PUNE CONSULTANCY SERVICES

Complete Engineering Design Solutions Through
CAD / CAM / CAE Vehicle proto manufacturing
and CMVR-Homologation Support.

Empowered by Excellence.

Industry Offerings...

- Automotive
 - Body (BIW)
 - Interiors/Exteriors
 - Engine
 - Chassis
 - Transmission
- Heavy Engineering
- Tooling Industry

Trends leading to opportunity

- Global outsourcing
- Outstanding development in Automobile sector
- Highly skilled and experience manpower
- Stiff Timeline

Technology Tool...

Software:

CAD :

CATIA V5

Pro / ENGINEER

Unigraphics

CAM :

Delcam

Unigraphics CAM

Pro – Manufacturing

CAE:

Hypermesh

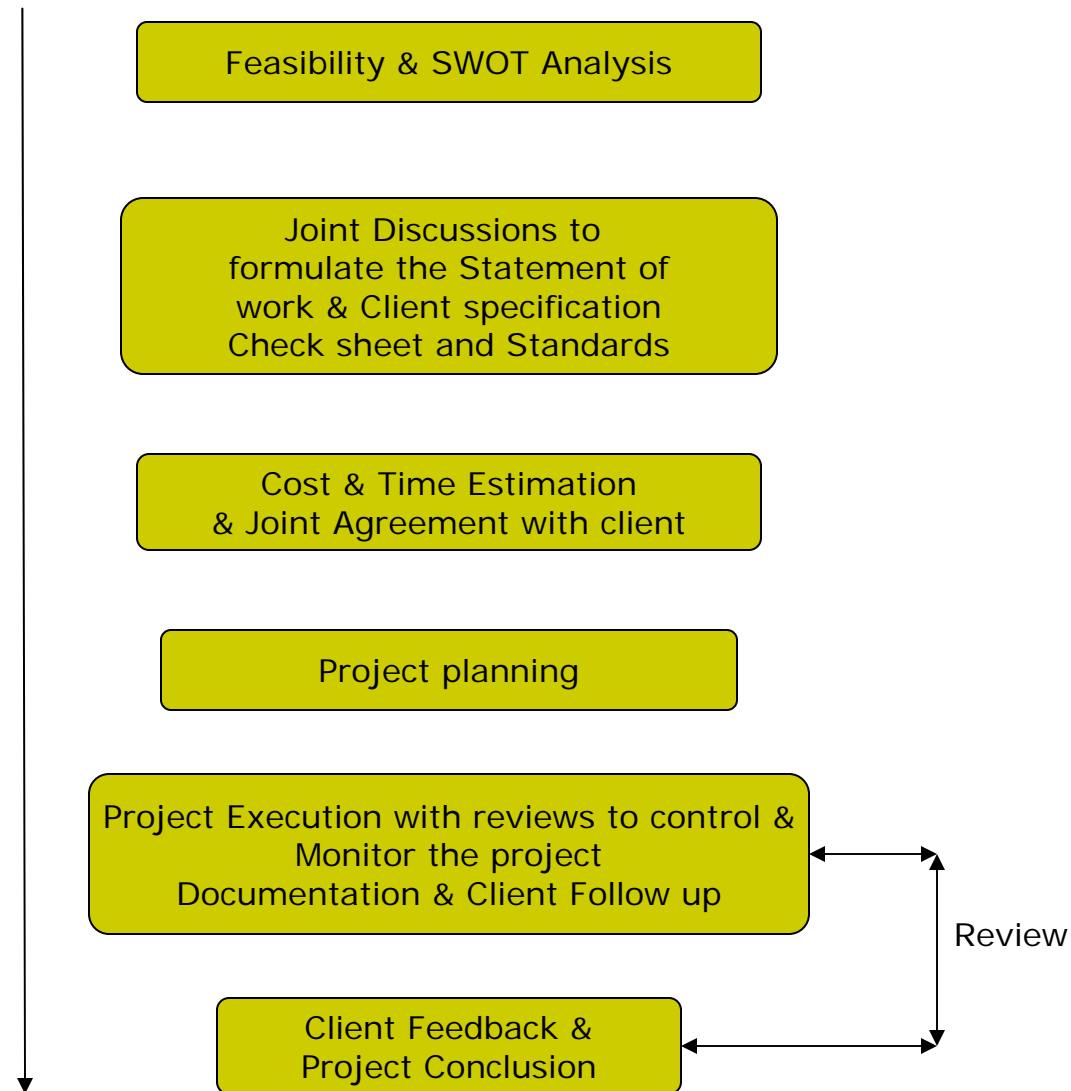

LS Dyna

We Offer:

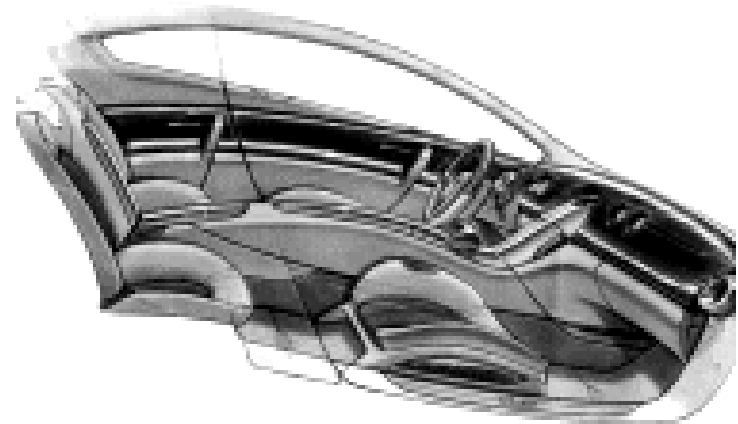

We create value by integrating domain expertise with technology by offering support to our customers in their product development process right from Design to manufacturing with support services

Methodology of Working...

Core Competencies...

- Benchmarking and Reverse engineering
- Concept Design
- Master Section
- Layout
- Design Engineering
- Press Tool Design
- 2D to 3D Conversion and visa versa.
- Jigs & Fixture Design
- Ergonomics and Aesthetic Addition
- Manufacturability
- Strength Analysis and Optimization
- Prototyping
- Plastic and Rubber Mold design
- Machining Jigs and Fixtures Welding & Checking fixtures
- Vehicle Proto type manufacturing
- CMVR Support, Homologation from ARAI &iCAT

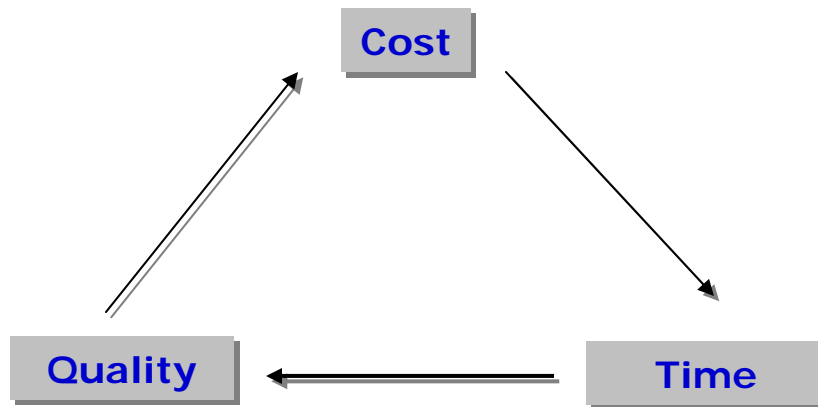

Client Benefits and Uniqueness:

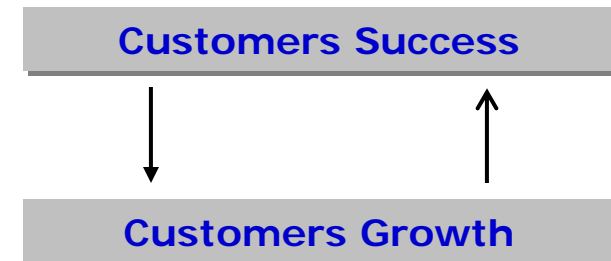

- Optimized Design cost.
- Innovative Design solutions.
- Expertise approach.
- Competitive pricing structure and quicker time-to-market.
- Superior quality product Design.
- Cut the high cost of design and development by 60% .
- Reliable and high quality services.
- Timely delivery.
- Confidentiality and security of sensitive data.
- Product-specific, industry-focused approach
- Leveraging end-to-end solutions of our strategic partnerships
- Sound design methodologies
- Access to highly skilled engineers who can utilize the full power of CAD application.
- Outsourcing of difficult or time-consuming engineering tasks while maintaining control of the design phases and core engineering decisions
- Guaranteed data consistency and quality meets your specifications.
- Increased time for your design team to focus on core design tasks.

We Believe...

Success:

Satisfaction:

Consulting Services → Creative Solutions + Reduced cost

Facilities...

To match up with the requirements of Design Software's we are well equipped with well configured and latest work stations.
our hardware includes :-

- 10 high-end CAD work stations
- Laptop
- CD/DVD read/write facilities
- Inkjet printers, Laser Printers
- Color Plotter
- Color Scanner

Communication Facilities:

- E-mail

Intellectual Property Protection...

At PCS client's Intellectual Property (IP) related concerns to protect the Intellectual Property rights. We respect values of four legally-defined categories of intellectual property namely:

- Patents
- Trade secret
- Trademark
- Copyrights (if any)

We figure out and focus on the IP related concepts during initial stage of the project and devise a process to safeguard the IP created during the project.

IP initiated and created in the duration of the project will be the sole property of the client.

Our Valuable Customers ...

- LOTIA MOTORS LIMITED, HOSHIARPUR, PUNJAB
- RASANDIK ENGINEERING INDUSTRIES INDIA LTD. - DELHI / SURAJPUR / PUNE
- TPS INFRASTRUCTURE, NEW DELHI
- PACE AGRO PVT. LTD. KANPUR / GUJRAT
- KAYEMEL MACHINES PVT. LIMITED, NEW DELHI
- GAMZEN PLAST PVT. LTD., MUMBAI
- UMBRELLA CORPORATION, HOSHIARPUR
- SHREENARAYAN ENGINEERING, KUTCHCH, GUJRAT
- THE UNIVERSAL AUTOS INDUSTRIES, HANUMANGARH
- RACE AUTOMOTIVE PVT. LIMITED - FARIDABAD

Looking Ahead for Better Business Relationship

THANK YOU
